

Match Play Competitions

The first named in each tie are the challengers and therefore will be responsible for making the challenge, by offering three dates one of which should be a weekend.

Contact should be made within the first **seven** days of the commencement of each round. If your opponents have not contacted you within the week you should contact them immediately to arrange the tie.

If players are having difficulty arranging ties they should contact the Match Secretary **ASAP**.

Failure to follow these rules, and the tie not being played, will result in both teams being eliminated from the competition.

Please note

Under no circumstances will an extension of time be granted in match play competitions.

Ties that end all square should be played to a finish unless both parties agree before play commences. Strokes will apply at relevant holes.

All finals will be played on or before Finals Day Sunday 10th September.

(Unless sanctioned by the Match & Handicap Committee)

Singles

Handicap allowances - Full difference
